

AMINE HASNAT

Full Stack Web Developer

Kenitra, Morocco | +212 655 374 610 | amine.hassnat@gmail.com | linkedin.com/in/amine-hasnat

PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience building and deploying scalable web applications using React, JavaScript, TypeScript, Node.js, Express.js, PHP, and RESTful APIs, backed by relational (MySQL) and NoSQL (MongoDB) database design. Proven track record improving database query performance, implementing JWT authentication and AES-256 encryption, and reducing application errors through systematic testing. Comfortable working in Agile/Scrum teams, writing clear technical documentation, and collaborating cross-functionally to deliver secure, responsive, production-ready software.

CORE TECHNICAL SKILLS

Frontend: React, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, PHP, RESTful API Design, JWT Authentication, Role-Based Access Control

Databases: MySQL, MongoDB, Database & Schema Design, Query Optimization

Security: HTTPS, JWT, AES-256 Encryption, Web Application Security Best Practices

Tools & Practices: Git, Agile/Scrum, Unit & Integration Testing, Debugging, Requirements Analysis, Apache Server Configuration, IT Support & Troubleshooting, Hardware Setup, IT Asset Management

PROFESSIONAL EXPERIENCE

Web Developer Intern | ONEE, Kenitra

Mar 2023 – May 2023

- Analyzed business requirements and translated them into technical specifications and system architecture documentation.
- Designed a normalized MySQL database schema with optimized queries, improving data retrieval performance by 30%.
- Built RESTful APIs in PHP with structured error handling and input validation for a production employee dashboard.
- Developed responsive, accessible frontend interfaces using JavaScript, HTML5, and CSS3.
- Configured an Apache server environment and secured API endpoints for frontend-backend communication.
- Implemented HTTPS, JWT-based authentication, and AES-256 data encryption, strengthening application security.
- Reduced application errors by 25% through systematic testing and debugging.

Developer Intern | CNMH

Apr 2023 – Oct 2023

- Built a patient management web application end-to-end, from requirements gathering to deployment, using full-stack JavaScript and PHP technologies.
- Implemented responsive design ensuring consistent UX across desktop, tablet, and mobile devices.
- Developed database-driven features for patient records, appointment scheduling, and medical history tracking.
- Implemented authentication and role-based access control for admin, medical staff, and patient user types.
- Partnered with medical staff to gather requirements and translate healthcare workflows into software features.
- Maintained IT infrastructure with regular updates and security patches; implemented data backup and recovery procedures.
- Delivered user training sessions and technical documentation to support ongoing maintenance.

IT Support Technician | Miage School, Kenitra

2021 – 2023

- Delivered first-level IT support to staff and students, troubleshooting network connection issues, printer faults, and password resets.
- Prepared and configured workstations: installed operating systems and software, formatted machines, and set up user environments.
- Helped deploy and maintain the center's IT hardware, keeping equipment operational.
- Installed and commissioned new equipment, including monitors and printers.
- Maintained the inventory of IT hardware and consumables to support asset management.
- Handled support tickets and provided technical assistance to production teams.

EDUCATION

Specialized Technician in Development — Miage School (2021 – 2023)

Bac+1, English Literature — Ibn Tofail University, Kenitra (2018 – 2019)

LANGUAGES

Arabic: Native

English: Professional Working Proficiency (B2) — technical documentation, team communication

French: Reading & Writing Proficiency — technical documentation

ADDITIONAL INFORMATION

- Volunteering: active participation in community associations and social initiatives.
- Continuous learner: regularly explores new web frameworks and database technologies.
